

Health and Safety Policy

Please see [Brighton College Dubai Policies and Guidelines](#)

1. Policy Statement

Brighton College Dubai is committed to positively influencing the wellbeing and safety of all who work for, are taught at and who visit its premises. The College will do this by seeking to embed a positive culture of sensible risk assessment, encouraging all to report incidents and near misses and seeking to establish standards that all stakeholders will aspire to.

The College will through positive leadership seek to ensure that those who work at the College adopt an attitude which aspires to continuing improvement with an open and honest feedback system where those on site can report any incident or near miss without any fear of reprisal. This is a policy statement by Brighton College Dubai about its intentions, organisation and arrangements for the health, safety and welfare for those who work at the College: its employees, pupils, visitors and contractors whilst on Brighton College Dubai premises and for activities organised by the College, which take place outside the College.

Brighton College Dubai is committed to the prevention of injury and ill health and to continual improvements in Health and Safety management. Accident prevention is an essential part of good management and workmanship; full co-operation and co-ordination between management, residential, teaching, support staff and pupils is essential in the promotion of health, safety and welfare at the College.

Brighton College Dubai seeks to ensure the health, safety and welfare of its staff and pupils while they are at the College and of others who may be affected by their undertakings. The College is committed to complying with UK and UAE National Minimum Standards including the UK Health and Safety at Work Act 1974 (HSAWA) and all other applicable legal requirements including KHDA requirements.

To achieve this, the effective co-operation and coordination of all is essential.

2. Objectives

Brighton College Dubai has set the following objectives:

- To set and maintain high standards for health, safety and welfare within its laboratories, classrooms, sports facilities, offices and other premises, as well as activities organised by the College that take place elsewhere.
- To identify hazards and risks and set in place programmes to remove or reduce any identified hazards and risks.
- To communicate these standards to all employees, staff, visitors, contractors and pupils.
- To give all personnel the necessary information, training, instruction and supervision to enable them to work on site to conduct their day-to-day activities in a safe manner.
- To ensure dissemination and discussion of information on health, safety and welfare issues and lessons learned from recent events.
- To develop and encourage health, safety and welfare awareness of employees and visitors.
- To monitor the operation of health, safety and welfare in each house and department.

3. Responsibilities

To try to lessen the likelihood of ill-health, avoid accidents and promote safe and healthy living places and workplaces, the following responsibilities have been established.

3.1 Board of Governors

The Board of Governors has established the overall culture towards Health and Safety will nominate one of their members to monitor the implementation of the Health and Safety policy.

The Governors are responsible for:

- Reviewing the Health, Safety and Welfare Policy and ensuring its revision as necessary.
- Monitoring the policy's implementation and setting targets or objectives where appropriate.
- Addressing any faults or areas of weakness in the policy or its implementation.
- Ensuring that the relevant resources are made available to enable the policy to be implemented.

3.2 Environmental Health and Safety Officer

The designated Environmental Health and Safety Officer is responsible for advising management on all aspects of Health and Safety.

Their role includes the following:

- Keep up to date with changes to relevant Health and Safety Regulations, Guidance, Codes of practice and inform managers of those changes
- Create, implement and review in a timely manner relevant policies and procedures at both a strategic and operational level
- Carry out regular site inspections, safety audits, assist managers with the writing of method statements and risk assessments
- Propose and implement changes to working practices/policies to comply with legislation
- Provide Occupational Health and Safety advice in accordance with current legislation
- Ensure that risk assessments are completed by those with responsibility for areas and activities
- Ensure good practice is adhered to and shared between departments
- Provide management responsibility for all first aid functions
- Compile accident statistics, and report trends to the Health and Safety Committee
- Work with Managers on the recognition of any Health and Safety training requirements
- Organise staff Health & Safety training
- Discuss with Managers the lessons learnt from any issue that have become apparent, and give advice on any remedial action that should be put in place to avoid a recurrence
- Advise and guide on preventive and protective measures relating to fire including organising fire risk assessments, firefighting and evacuation
- Ensure appropriate PAT testing is carried out
- Assist with health and safety emergencies
- Assist with the Educational Trips Policy
- Advise on workplace safety and security including lockdown protocols
- Advise on issues relating to violence to staff
- Advise on manual handling issues
- Advise on slips and trips
- Advise on on-site vehicle movements
- Assist with selecting and managing of contractors
- Liaise with Maintenance who ensure the maintenance and where necessary inspection of plant and equipment, including LEV systems and fall arrest systems

3.3 Heads of Department and CLT

The Heads of Department and CLT are responsible for:

- Communicating College policy on all health, safety and welfare matters within the teaching environment and their respective work areas.
- The practical implementation of all Health and Safety directives.

- Ensuring that operations under their control are conducted without detriment to the health, safety and welfare of those in the College.
- Ensuring that sensible risk management is used in the process of risk assessments and that inspections regularly take place for the activities and sites for which they have responsibility, ensuring that records are kept.
- Ensuring that all accidents, incidents or near-misses (under their area of responsibility) are reported, and that a full investigation takes place with appropriate remedial action taken, where necessary. This should also involve sharing lessons learned.

3.4 Safety Representatives

The role of the Departmental Safety Representative is to:

- Communicate College policy on all Health and Safety matters within his/her work areas.
- Encourage all personnel to be involved in matters of health, safety and welfare.
- Assist with the writing of risk assessments
- Carry out periodic inspections to identify unsafe equipment, working conditions and practices along with fire hazards. Reporting anything that has the potential to cause an accident (near-miss) on the accident form and submitting it to the health and safety department for investigation and to have the issue rectified whilst maintaining their own records of any issues reported
- Assist with accident investigations.
- Consult with heads of departments on all issues of Health and Safety.
- Attend and report any matters to the Health and Safety Committee.

3.5 Individual Responsibilities

All employees are required to:

- Co-operate and co-ordinate in implementing the requirements of all Health and Safety legislation, related codes of practice and safety instructions.
- Refrain from doing anything which constitutes a danger to themselves or others.
- Immediately bring to the attention of their Head of Department/Line Manager or Departmental Safety Representative or the Health and Safety Manager any situations or practices which may lead to injuries or ill health.
- Ensure that any equipment issued to them, or for which they are responsible, is correctly maintained, used and properly stored, completing regular visual checks on the equipment, taking any damaged equipment out of action and ensuring that the damaged equipment is maintained or destroyed ensuring that records are kept.
- Report all accidents, incidents, dangerous occurrences and near misses.
- Be responsible for good housekeeping in the area in which they are working; in school or at home.

4. Environmental Health and Safety Committee

The Environmental Health and Safety Committee, chaired by the headmaster and attended by the nominated Health & Safety representatives, is responsible for:

DOWNLOADED AND/OR HARD COPIES ARE UNCONTROLLED

Verify that this is the correct version before use

- Identifying all areas of Health and Safety (including legislation) which have policy implications for all those carrying out activities organised by the College in the teaching and learning areas, offices, classrooms or on the estates of Brighton College Dubai and elsewhere.
- Evaluating the implications of health, safety and welfare issues for Brighton College Dubai and their prioritisation with regard to resources and implementation.
- Advising the organisation of all matters concerning health, safety, and welfare

Brighton College Dubai Policies and Guidelines

Policy Statement

Brighton College Dubai policies have been developed by the College Leadership Team (CLT) with input and guidance from the Brighton College network, including Brighton College UK.

Policies reflect current best practice.

At the time of writing, policies aligned with the following:

- KHDA Guidance and Guidelines for Private Schools
- MOE United Arab Emirates School Inspection Framework
- DSIB School Inspection Supplement
- The College's Academic Plan written for KHDA approval
- Standards for British Schools Overseas (DfE)
- COBIS Accreditation and Compliance

Bloom Education and Bloom Holding policies where applicable

Should any regulations change or develop further, the policies will be reviewed to ensure continued alignment.

Policy Structure

Policies will show the date of writing and reviews on them. Version control will also be in place. Should there be an error or inaccurate fact in any policy, a CLT member should be notified.

Policy Development

Policies will continue to be developed as strategic priorities are set.
